

Art

In Art, we will be focusing on drawing, starting with self-portraits. We will be developing our drawing techniques and later on in the term, we will be looking at one-point perspective drawing. We will also be looking at annotating and evaluating our work effectively.

PSHE

In PSHE, we are focusing on friendships and how we manage challenge in a friendship. We will also be looking at the importance of respect and personal space.

Online Safety

We will be learning how to build safe online relationships and develop our awareness of online bullying.

Religious Education

In RE, we will be answering questions such as, 'What matters most to Christians and Humanists?' and exploring Christians' beliefs that God is holy and loving.

Music

In Music, linking in with our History topic, we will be learning about and singing popular songs from World War One, culminating in our Remembrance Assembly. We will also be listening to *Mars* from Gustav Holst's *Planet Suite* (composed in 1914) and composing music of our own based on layered repeated rhythms.

Geography

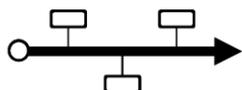

In Geography, we will be looking at political maps from different time periods. We will also be looking at photos, maps and carrying out fieldwork to look at changes within the local area.

French

In French, we will be learning about members of the family. We will also be looking at saying details of family members such as their age and birthday.

History

In History, we are focusing on WWI. We will become historians and look at historical evidence to come to conclusions about what life was like in WWI. We will look at developments such as the suffragette movement and explore at how propaganda was used during that time.

Computing

In Computing, we will be working on our keyboard skills as well as developing Microsoft Word and PowerPoint skills. We will also learn about computer systems and networks by exploring how information is transferred and shared between devices.

Design and Technology

In Design and Technology, we will be developing our sewing skills, designing and making a 3D stuffed toy linked to WWI.

Science

In Science, we will be studying the topic of forces, focusing on air resistance, water resistance and friction and the effects of these forces. Later on in the term, we will focus on properties and changes of materials.

PE: In PE this half term, we will be doing Netball and Fitness. After this, we will be focusing on Dance and Football.
